Cold Lake North, Cold Lake, AB

Not your typical 4-level split! This one underwent a TON of renovations in 2008 that make it feel more modern and upgraded than its 1989 age! Open concept main floor features hardwood and tile floors. Bright vinyl windows allow natural light to flood through the space and you will LOVE cooking in the rich dark kitchen with eat-up island equipped with Stainless Steel appliances. Access your back yard and take in the summer days on your private deck overlooking the landscaped/fenced and treed yard. Upstairs are 3 good sized bedrooms including primary that can easily fit your king bed. Down from the main floor is a family room space and a second bathroom and even further down in a great games room where the pool table can stay if you want! Since 2008, updates have been flooring, siding, windows, insulation, plumbing, electrical, furnace, HWT and kitchen. Great home, great location, great investment in Cold Lake North!

Built in 1989
