Single Family on 0.00 Acres

Forest Heights (Edmonton), Edmonton, AB

This home, and the gorgeous back yard, must be seen! Same owners for over 50 years, with exceptional pride of ownership throughout. This property includes the classic features of a mid-century home but has been upgraded and meticulously maintained. Especially impressive is the 17'x17' heated & insulated solarium with fireplace overlooking the back yard, adding additional living space. Out front is a quiet street lined with towering elm trees, and the home sits just a block and a half from the River Valley. The huge living room is flooded with light, while the new air conditioner (2024) keeps you cool. There are two bedrooms upstairs; a third bedroom was converted to a flex space (could be converted back). The spacious primary bedroom includes an ensuite with plenty of storage. The basement was professionally finished, and includes a third bathroom, a kitchenette, laundry, a huge family room and a den. The 50-year metal roof is just 10 years old. Don't wait on this one - SO GOOD!

Built in 1966
